

# Rental

## Flexible Rental Solutions for Chromatography & Mass Spectrometry

### What is Rental?

Rental is a flexible solution for chromatography and mass spectrometry equipment, designed to provide fast access to high-performance instruments without the need for significant upfront investment.

#### Preserve Capital:

Access high-performance equipment without tying up capital, preserving budget for strategic priorities.

#### Designed to meet your needs:

Choose rental durations from 6 to 36 months, with the option to extend, return, or purchase the equipment.

#### Flexibility built in:

Adapt quickly to changing project requirements, regulatory constraints, or technology evolution.

#### No unexpected expenses:

Maintenance and support can be included, reducing downtime and unexpected expenses.

### Why Choose Rental?

Rental solutions are designed to address the need for flexibility, speed, and financial efficiency when accessing laboratory equipment.

### Solution advantages

- **Meets all types of needs from 6 to 36 months**  
Suitable for short-term projects or longer operational needs.
- **Limited initial budget (Opex or Capex)**  
No significant upfront investment required.
- **No bank approval required (startups)**  
Accessible to startups and companies with limited financial capacity.
- **Quick and easy financial validation**  
Simplified administrative process with fast approval and delivery.
- **Offers a flexible alternative that:**  
Enables your business to adapt to fluctuations in workload, urgent requests, or business uncertainty.

### How it Works

1. Select the Chromatography or MS equipment.
2. Receive a tailored Rental proposal.
3. Fast approval and equipment delivery.
4. At the end of the contract: Extend, Return, or Purchase.
