

Our Solutions

Flexible Rental & Leasing Solutions for
Chromatography & Mass Spectrometry

Rental & Leasing Packages.

At Bios Analytique, we offer a wide range of Rental & Leasing solutions ranging from 6 to 60 months.

Rental: Flexible short-term rental for one-off needs or ongoing projects; 6–36 months. Includes maintenance and the option to purchase with rental payments deducted. Providing immediate access to HPLC, HPLC/MS GC, GC/MS, and modules

Leasing: Finance your lab equipment and preserve your cash flow. Choose from a full selection of equipment and manufacturers

Bios UltraFlex: Combines long-term leasing advantages with the flexibility of short-term rental. Reduced monthly cost, and Bios's maximum flexibility with Yearly Returns Policy, and Early Purchase Option.

Divide/12: Spread the cost of equipment over 12 months for one-off purchases.

Designed to offer a solution in less than 24 hours, for your unplanned and immediate needs, as well as offering a long-term cost-effective solutions for managing cash flow.
